Checks payable to: *Uncharted Country Publishing*

Order: P.O. Box 756 Taos, NM 87571

PROGRAM DESCRIPTION

The **Tai Chi Fundamentals® Program** (TCF) provides a prequel and support to a lineage tai chi form, and creates a bridge between tai chi practice and the medical model. The first program of its kind, it provides a clear, systematic approach for mastering tai chi basics that builds from simple to complex patterns of movement. Integrates mind/body components of tai chi with clinical overview, movement analysis, therapeutic & functional applications.

Program Elements: movements are taught in a motor development progression and Includes:

-**Basic Moves** a series of exercises that trains postural alignment, body mechanics and energetic components of tai chi. Designed as building blocks for learning tai chi, they are taught in a simple-to-complex progression with discrete, measurable increments in difficulty and have applications as assessment and intervention tools.

-**Original TCF Form:** Flowing sequence of simple to more complex movements of a modified Yang Style Tai Chi form.

- **Mind/Body Skills Training:** integrated into both Basic Moves and Form instruction. Fosters attention and focus, a calm observant state of mind, awareness of posture and breathing and physical relaxation. Characteristic of all traditional tai chi practice, it fosters cultivation of healthy qi or vital energy.

Development: in 1996 by Tricia Yu, MA and Jill Johnson, MS, PT, targeting elements from traditional tai chi that enhance balance, coordination, strength and endurance.

The TCF Program has been featured in: *PT Journal, Journal of Rehab Management, The Gerontologist, APTA's GeriNotes, Medline Plus, Topics in Geriatric Rehabilitation, Journal of Asian Martial Arts, Wellness Program Management Advisor, ACSM's Health and Fitness Journal, and Massage and Bodywork.*

CERTIFICATION

Requirements: 30 contact hours, individual home practice, application, fees, demonstration of movement proficiency, and written exam. Those with no previous experience usually need 6 months practice and study before applying.

Complete information & application: www.taichihealth.com

Original TCF Form Training Performed Standing

Milwaukee Area, Wisconsin

November 1-2, 2019

Instructors: Patricia Culotti and/or Tricia Yu

Prerequisite: TCF Adapted Program Course 1

Options: One or Two-Day course

"A remarkable gift to the world of rehabilitation...brilliant, inspired work."—Jennifer M. Bottomley, PT, MS, PhD, President: International Organization of Physical Therapist working with Older People

"...an important study of the basic movements of taiji and teaching methods that will enhance an advanced student's or teacher's appreciation of the form."

—Noah Nunberg, review in *Journal of Asian Martial Arts*

"Tai Chi Fundamentals is the simplest and easiest to learn. It is a unique exercise for all ages and physical conditions—"
—William C.C. Chen, Tai Chi Grand Master,

"... It will be of value to anyone who practices or is ready to fall in love with this wonderful art."—Kenneth S. Cohen, M.A. author, *The Way of Qigong and Healthy Breathing*

**Approved for 12 CEUS by Wisconsin
Physical Therapy Association**

COURSE THREE:

Original Tai Chi Fundamentals® (TCF) Form Training

COURSE DESCRIPTION

Prerequisite: proficiency in elements taught in TCF Adapted Program Training Course One

Teaches all elements required for TCF Level Three Certification. Participants review Basic Moves and TCF Adapted Program Short Form and learn Parts 2 and 3 of the original TCF Form. Includes teaching practicums, techniques for using TCF with specific populations, advanced training in sensing qi.

The course includes presentations by certified instructors on program applications in group settings and as therapeutic assessment and intervention tools. This course qualifies as partial contact hours fulfillment for *TCF Instructor Certification Level Three*. See CERTIFICATION

COURSE OBJECTIVES

- 1) Review the TCF Basic Moves
- 2) Learn all three sections of the Original TCF form.
- 3) Describe TCF's rationale, biomechanics & functional benefits.
- 4) Apply TCF's mind/body principles in a variety of settings.
- 5) Lead advanced exercises for sensing *qi* (life energy.)

APPLICATIONS

Balance dysfunction, orthopedic and neurological rehabilitation, pain management, sports cross training, cardiovascular and respiratory diseases, medically complex, chronic fatigue, fibromyalgia, and special populations.
